

Novel C.N.R.A. Hallowe'en Dance Real Success

A most enjoyable dance and social evening, sponsored by the Canadian National Recreation Association, was held in the Separate School Ball Room on Thursday, November 31st. Dancing, which commenced at 8:30 p.m. to the rhythm of "Fug" Brimacombe's Vermilion orchestra, and continued until the intermission for lunch at midnight.

Assisted by a number of the wives of the members, the lunch was convened by Bill Harley. It consisted of several kinds of sandwiches and pickles, an assortment of cake and cookies, with tea and coffee. Your writer doesn't know how Bill's cooking is, but he's either a good cook, or he knows some good cooks (probably all ladies).

Just prior to the serving of lunch, each person was the recipient of a novelty hat, streamers, and some kind of a noise-maker. If there were any of the younger element still roaming the streets at this time of Hallowe'en night, I'm sure they immediately high-tailed straight for home. The din was terrific. I have also heard, the racket was so loud, the night-clerk at the hotel didn't have to call anyone to catch the early morning train.

The ball room, with all dressed up too, in an orange and black hallowe'en color scheme with "old pan moon" smiling down from the centre of the hall. "Gene" Grogan was the decorating artist, thank's Gene for a good job well done.

Messrs. Art Pack and Frank Wright, pianist and secretary, respectively of the local branch of the Canadian National Recreation Association, were in charge of the evening.

U.F.A. and U.F.W.A. Hold Series Of Meetings Last Week

A series of meetings has been conducted during the last week in the Battle River constituency under the auspices of the U.F.A. and U.F.W.A. as follows: Doloy, October 22; McCafferty, October 23; Silgo school, October 24; Chauvin, October 26; Pelican, October 26; Ganson school, October 28; Durness school, October 29; Desberry, October 30; and Greenlawn, October 31.

The sound equipment of U.F.A. Central Co-operative was used to present interesting and educational sound films, under the direction of D. C. Thornton, educational director of the U.F.A. Co-op. Mr. Thornton also addressed the meetings and reported briefly on the progress of the U.F.A. Co-op. Mrs. W. C. Taylor, U.F.W.A. director for Battle River, told the audiences of the work of the Farm Women's organization in advocating better health services, and in urging for improvement in educational methods in schools. She spoke also on the necessity of improving the legal status of women and urged women to see that their husbands are will in order to avoid legal entanglement of estates. Mrs. Taylor stressed the value of a community of a women's organization and her remarks were received with great interest and much appreciation. Mr. A. B. Wood, U.F.A. director for Battle River, spoke on the proposed amalgamation of the Alberta Farmers Union, the United Farmers of Alberta and the Alberta Federation of Agriculture. A draft constitution has been agreed on by representatives of these three organizations and will be considered at the annual convention of the A.F.U. early in December at the Alberta Federation of Agriculture convention in the middle of December and at the C.F.A. convention in January. It will be the duty of the membership to decide for or against amalgamation. Mr. Wood also dealt with the recent non-delivery strike of the A.F.U. and gave his audience the statement of the U.F.A. president Geo. Church, as to the reasons for the U.F.A. not backing the strike. These were to the effect that the U.F.A. executive had no mandate from its membership to proceed with strike action and in addition the U.F.A. is a member of the Canadian Federation of Agriculture which body is empowered to speak for organized Canadian agriculture in pressing the government for improvement of the farmer's condition.

The chairman of the meetings were as follows: Doloy—Mr. Gus Nelson; McCafferty—Mr. T. H. Rice; Silgo—Mr. Fred Ford; Chauvin—Dr. Pelican; Desberry—Mrs. C. R. Murray. —Con.

Miss Bessie Carsell Honored at Shower

An enjoyable evening was spent last Monday in the class room of the Presbyterian church when a number of friends gathered there to honour Miss Bessie Carsell, a bride-elect of this month.

The time was pleasantly spent in community singing led by Rev. A. R. Hancock, reading by Mr. Washburn Laird and vocal selections by Mr. Hancock, Misses Bessie and Annebelle Carsell, Miss Hilda Klassen and Miss Gertrude Wilkinson accompanied by Mr. Carsell at the piano.

The main feature of the evening was the presentation to Miss Carsell of a set of pyrex and a vase, Bessie. In a few well chosen words, thanked all those present. Lunch was served by a number of the ladies present and a very pleasant evening was brought to a close. —Con.

Books Added To The Library

The library will be open from 4:00 to 5:30 on Wednesdays for the convenience of those not able to come Saturday.

Wootton—Dark Wood
Walls—Woman in the Window
Caldwell—House in the Uplands
Willis—Tangleweed
Sadien—Fanny by Gaslight
Dore—Circus Under Foot
Wilson—None so Blind
Wallace—Room 13
Wilder—Written on the Wind
Lambert—Up Goes The Curtain
Jacobs—Secret Spring
Wadleton—Silver Buckles on His Shoes
Beresford—Unreasoning Heart
James—Home Ranch
Kent—Country Mouse
Rawlings—Yearling
Lawrence—Tower of Steel
Dodd—Bowling the Wind
Collet—This is Beverly
Voynich—Put on Thy Shoes

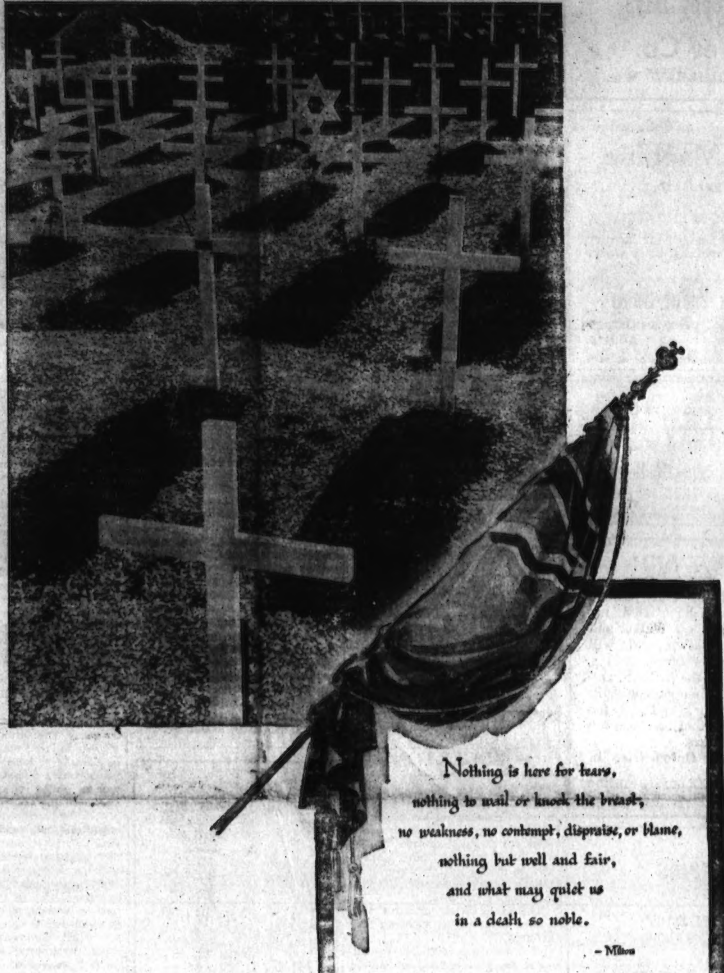

Halloween Dance Great Success

The Hallowe'en dance held Friday last was a great success. The dance started promptly at 8:30 with an estimated fifty couples on the floor. Many novelty dances such as bingo dances, spot dances, ladies choice and waltz competitions were added to add spice to the evening. Lunch was served at the canteen at 11:30. During this intermission Miss Bloom conducted a sing song which was enjoyed by all. Dancing began again at 12:00 and continued until 1:00 when the dance broke up. The music produced by the "Students of Swing" was entertaining and enjoyed by all. The members of the orchestra are as follows: Shirley MacKenzie and Harry Alwood—piano
Lorne McLeod—saxophone
Phil May and Jim Robinson—trumpets
Shirley MacKenzie—piano accordion
Lyman Alexander—drums
A new film projector has been added to the school. Many scientific films have been shown which aid in the knowledge of science.

ANNOUNCEMENT

Mr. and Mrs. C. A. Wear of Wainwright wish to announce the engagement of their eldest daughter, Rachel Hayes to Mark Francis, the only son of the late F. Jacobs. The marriage will take place shortly.

Let Us Forget

Nothing is here for tears,
nothing to weep or knock the breast;
no weakness, no contempt, dispraise, or blame,
nothing but well and fair,
and what may quiet us
in a death so noble.

—Miles

W.P.S. Pupils Celebrate Halloween

The rattle of pennies in tins was heard by the citizens of Wainwright Hallowe'en night, as various witches, ghosts, clowns and what have you, came crowding to the doors crying for Hallowe'en Apples. The Wainwright Public School children, representing grades 1 to 6, collected that evening the total of \$55.99 which was turned over to the Peace Memorial Fund.

In the evening the Intermediate Room held a masquerade party. Patzy Harden and David Marsden respectively won first prizes for the best costume. Wallace Murray did wonders ducking for apples in a pail of water while the rest all tried their hands at apples hanging on strings. A dark room added to the fun of the evening. Lunch was ably served by the committee. —Con.

Wain. Curling Club Appoint Officers

A meeting of the Wainwright Curling Club was held Friday, November 1st at 8:00 p.m. in the council chamber of the town hall. Plans were discussed for the coming season and election of officers took place resulting with the following being elected: President—A. S. Rattray
Vice President—J. Davidson
Sec. Treas.—Robt. Mulvey
Committees were appointed and a big curling year is expected by the club.

Having good times doesn't bring about good times.
Equality won't come through the distribution of wealth but through a change of heart.

Sacrifice ?

The name "Dieppe" resounds today;
A stirring battle call
Of men who counted not the cost,
Of men who gave their all!

The outmatched crew of the "Raccoon"
Fought till their ship went down:
So did our sons and brothers on
The corvette "Charlottetown"!

The grim destroyer "Ottawa"
Gave all she had to give;
Her gallant skipper, half her crew,
They died that we might live!

Each day adds to the mounting roll
Of flying heroes, who
Have met their rendezvous with death
That freedom shall win through!

Oh, how can we, in safety here
Count pennies or upbraid:
What is our sacrifice compared
With that these men have made!

G. R. Allerton

C.G.I.T. NOTES

A meeting of the C.G.I.T. Buffaloettes was held in the church basement. There were only six members present. A hymn was sung and a prayer said.

The business meeting opened with the minutes of the last meeting being read. We have set the night of our masquerade as the seventh evening of November at 7:30 sharp.

Money was turned in for the seventy-five boxes of Christmas cards

IN MEMORIAM

In loving memory of a loving husband and father, Frank Seabrook, who passed away November 6th, 1944.

"Lovingly Remembered"

which were sold.

We closed our meeting and then we had a quiz by Jean Baxter and played "Do This and Do That" with Ruth staying in the longest. We closed the evening with "Tape". —R.A.

Earl Cork Sells Out November 1st

What has been one of the land marks of Wainwright as an old established business changed hands this week, on November 1st.

We learn from Mr. E. L. Cork that he has sold his watchmaking and jewelry business to two R.C.A.F. veterans, one of them who is well known in Wainwright and district.

Mr. Cork reported to the Star, that he had just completed 33 years of business in Wainwright on November 3rd and felt that he was entitled to a well deserved rest. He also stated that he plans to carry on with his optometry practice at the same stand. Both he and Mrs. Cork have no definite plans for the future but stated that they liked Wainwright and at present plan to reside here.

The new owners of the business are Mr. Eddie Walker, well known in Wainwright, and Mr. Donald Penrice who hails from near Three Hills Alberta.

Eddie will be remembered by all as he moved here when a small boy received his education here and worked here prior to his enlistment in the R.C.A.F. as an instrument mechanic in July 1941. He received his discharge in October 1945 and has since resided in Wainwright as an employee of Mr. Cork.

Mr. Penrice comes as a new comer to Wainwright and is at present spending a short stay in the Wainwright hospital where he is receiving medical treatment. He was an air force chum of Eddie's, enlisting at the same time and receiving his discharge in August 1946.

The Star joins with many to welcome these two young men to the business circles of Wainwright. Mr. Corks announcement advertisement will be found on page 2 of this weeks issue.

Miss Aletha Knudson Wed St. Stephen's Chp

A wedding of interest here took place in St. Stephen's Chapel, Edmonton on Monday, October 14th at 4:30 p.m. when Miss Aletha Knudson, daughter of Mrs. Ina E. Knudson and the late Mr. Knudson of Irma became the bride of Mr. Albert David Glasgow, son of Mr. and Mrs. D. A. Glasgow also of Irma.

Rev. C. E. Rogers of Edmonton performed the marriage rites.

The bride was lovely in a slipper length gown of white silk jersey with short sleeves and opera gloves. Her floor-length, embroidered veil was held in place with a Queen Anne headress and she carried a bouquet of American Beauty roses with white baby mums. The only jewelry worn was an engraved earring and pendant set, gift of the groom.

Attending her cousin as matron of honor Mrs. Helen Pendleton of Irma was charmingly gowned in floor-length aqua crepe with wide peplum and pearl sequin trim. She wore a chapel veil with Queen Anne head-dress similar to the bride's and carried pink carnations.

Mr. J. Watt, of Edmonton, uncle of the groom, supported him as best man.

A reception to the immediate family was held in the Cottage Tea Rooms following the ceremony, where the bride's table centred by a beautiful three-tiered wedding cake was daintily decorated with baby mums. Rev. C. E. Rogers proposed a toast to the bride to which the groom fittingly responded.

Mr. and Mrs. Glasgow later left on their honeymoon to motor to Vancouver and Victoria via the States for travelling Mrs. Glasgow chose a brown dressmaker suit and accessories with yellow top coat.

The bride is well known here having served the Wainwright Division as Public Health Nurse for over a year, making many friends during that time. The groom was a former member of the R.C.A.F. and recently returned from overseas.

Post War Army Pvt's Live Like Kings

In an effort to greatly raise the standard of living conditions and barracks life of soldiers serving with Canada's post war Active Force, facilities for more comfort during off-duty hours are being instituted in military establishments within Western Command administrative areas.

Plans to increase the personal comfort of private soldiers will considerably charge barracks room drill and make use of experience gained by many officers who rose through the ranks. The present policy is designed to speed up the improvement of the soldier's "home" life and eliminate former "barrack room" spirit and "polish" practices.

In a letter to active force units under his command, Major-General P. F. Worthington, officer commanding Western Command, has stated that future tours of inspection will always include a close scrutiny of the mess' quarters and a close study of the personal comforts being provided.

One very noticeable change in barracks room drill will discontinue the soldiers' practice of having to hide all his personal belongings before inspection rounds. The plan to provide each soldier with shelves for books, bedside tables and individual lockers and the abolition of blanket folding before morning parade will give additional comfort to a soldier's army life.

One important point already being carried out in many Active Force compounds has done away with double-decker beds. These have been replaced by single beds with good linen, pillows and mattresses.

Action already being taken allows each man his own bedside lamp and will eventually do away with the ten o'clock light to cut practice which was designed to cater to those who wanted to retire at that hour.

The plan to improve soldiers' general welfare is continually under discussion and suggestions for improvement of barracks conditions are being implemented throughout Alberta and British Columbia. Tables and easy chairs in sleeping dormitories, recreation rooms with entertainment facilities, improved libraries and games rooms are being installed to provide after parade interests for soldiers living in barracks.

ANNOUNCEMENT

I wish to announce to all my friends and patrons
throughout the town and district that I have sold my
watchmaking and jewelry business to Eddie Walker and
Donald Penrice, who have taken possession and will
continue business in the same location as before.

Both these gentlemen are veterans of the R.C.A.F. and
I feel are qualified and deserving of this opportunity in
the future business life of Wainwright. May I ask for
them the same confidence and support that has been my
privilege to enjoy for a good many years.

I shall continue with my business as Optometrist in
the same place as usual.

HEATH

The Heath school children report a
wonderful time at their Halloween
masquerade party on Thursday after-
noon. The school was appropriately
darkened for the occasion while the
pupils shook hands with ghosts, hob-
knobbed with spooks and witches and
delved in gruesome mysteries. After
games they enjoyed a lunch of cocoa
and other treats.

Mr. Collins who has been living at
the water tank is moving out his
family and household effects and the
watering place will again be closed.
Mr. Dahl has commenced work on
his new house and has the basement
ready for building when materials
can be obtained.

Mr. H. C. Mockford has been a
patient at his home with injuries to
his chest resulting from an accident
while threshing.

Mr. Jim Ford and Lloyd Ochy are
away on a hunting trip west of Ed-
monton.

We are thankful for the good
weather of Northern Alberta which
allows threshing operations to con-
tinue while the south country labors
under a blanket of heavy snow. It is
expected that everyone will be fin-
ished this week.

Lloyd Davis had the misfortune of
crashing his grain truck through the
municipal crossing at the Creek
causing considerable damage to the
road and front part.

Members of the Wilkinson family
enjoyed a get together on Sunday in
honor of Mr. and Mrs. Bob Wilkinson
of Wainwright who were married re-
cently.

Mr. and Mrs. H. Walker have re-
turned to their home in Edmonton
after several weeks spent at the farm.

Mrs. Fred Ford entertained a num-
ber of friends at her home on Satur-
day afternoon in honor of Mrs. Fred
Ford Jr.

Mrs. Bill Chynoweth is home again
after her long illness in Edmonton
and is staying with her son, Stanley
and daughter-in-law.

We are pleased to see Mrs. Spo-
rnits around again after a lengthy ill-
ness at the Wainwright hospital.

Mr. and Mrs. Joe Touchette en-
tertained friends and relatives at a
supper party on Friday evening in
honor of Lucille's birthday.

Church services will be held at St.
Patrick's church on Sunday at 4:15
p.m. when Canon Crane-Williams
will officiate.

EDGERTON

Friday morning following Hallow-
een was a big window cleaning day
in town, cleaning off the handwork
of the young artists who decorated
most of the store windows. We did
not hear of any bad mischief.
The barricades put up around the
Village in the evening made the place
look like a strike plant.

There was a well attended Hal-
loween dance in the Memorial Hall
at night.

Mrs. Ann Clark of Thorby is visit-
ing at the home of her son Milton
Wilson.

Quite a number of townfolk at-
tended the excellent chicken supper
at McCafferty put on by the U.F.W.A.
There will be an Armistice Day
Service on November 11th at 11:00
a.m. Members of the local branch of
the Legion are asked to meet at the
Post Office at 10:45 sharp. The usual
Armistice dance will be held at night.

PELICAN

The past week has been seasonably
cold, but fortunately snowless, giv-
ing one and all a chance to "bottom
down" for winter and get caught up
with a few of the "extra" jobs the
inevitably accompany farm life. Sun-
day was a beautifully warm day and
we hope it ushers in a period of
Indian summer.

The Halloween party at Pelican
was highly successful. Mrs. M. Bell
and Mrs. Anderson took the Empire
tuner and pupils over. All the young-
sters and those not so young, en-
joyed games, ducking for apples and
catching apples on strings. Pro-
ceedings wound up with a sumptuous
lunch.

Marjorie Bell has undertaken to
light fires at Empire for the winter.
Mrs. O. Greibrok and Sigmund
have been visiting at Edmonton and
Moremabie, Sandra being the guest
of Mrs. Aasen.

FARM FOR SALE

Farm for sale: 1100 acres 700 under
cultivation, 940 acres summerfall-
ow, 170 acres with one crop taken
off, 8 room stone house with full
basement and cistern. Barn for
horses and cattle, galvanized iron
machine shed 30 x 60, double garage,
chicken house and fifteen
granaries, also drilled well, electric
lights and telephone. Four miles
from town on gravelled highway.
With wheat prices guaranteed un-
til 1950 this is a real good business
proposition. For particulars see
the owner—Robert Fair, Paradise
Valley, Alberta.

Postmaster General Announces Attractive Overseas Air Mail Rates

Reduced postage on air mail from
Canada to countries in every quarter
of the globe will become effective on
November 1st, the Honorable Ernest
Bernard, K.C., M.P., Postmaster
General of Canada, has announced.

The lowering of postage will give
an added impetus to Canadian busi-
ness and will also be advantageous
to private citizens mailing by air to
Europe, Africa, Asia, Australia, and
many countries of the Western Hem-
isphere.

The reduction grows out of the
recent Congress of the Postal Union
of the Americas and Spain attended
by the Postmaster General at Rio de
Janeiro, when the question of re-
duced air mail charges was to the
fore.

The Congress confirmed the es-
tablishment of an air mail unit of
weight of 5 grammes for those
countries using the metric system,
and the nearest equivalent to 5
grammes for other countries which
is one quarter ounce in the case of
Canada.

It is the policy of the Canadian
Post Office Department to pass on
to the Canadian public any benefits
of this kind and the reduction of the
present half ounce air mail weight
unit to one quarter of an ounce has
enabled the Department to introduce
more attractive rates.

The new rates will at least cut in
half the present cost of air mail let-
ters to Europe, Africa, Australia,
New Zealand, and many countries in
Asia.

To illustrate the material cut in
charges that the public will now en-
joy, it will be possible to send a nor-
mal letter, written on light-weight
paper, to the United Kingdom and
Europe, for only 15c compared to the
30c per half ounce charge now in
force.

With a new rate set at 10 cents,
there will also be an appreciable re-
duction in the postage on mail from
Canada to all South American coun-
tries, ranging to 15c an item.

The 10c per quarter ounce rate
now in force will continue to apply to
British Guiana, Mexico, the West
Indies, Bermuda, Cuba and Central
America, including the Canal Zone.
It will be possible to mail a quarter

WHITE CLOUD

Mr. E. Knott's threshers finished
up at R. Gernsaw on Friday night,
and it was over for another year.
Heavy, as is known, trucked
cattle from the district last week.

The dance at the school is to be
held on November 15.

The Halloween party Mrs. Tondy
had at the school was well attended
by the little tots who all enjoyed the
show.

SHEEPSKIN FLATS

Threshing is at last completed in
the district and everyone is busy
stacking feed.

Mr. Jones Myer left on Monday for
Lloydminster where he will work
again on the oil wells.

Mr. and Mrs. Mac Templeton have
moved to the old Bear farm where
they will reside in the future.

Mr. and Mrs. Bob Roberts spent
the week-end with Mr. and Mrs. G.
Boyd.

ounce letter to China, including
Manchuria, for just 25c, instead of
50c as at present. The 25c rate will
also apply to a quarter ounce letter
sent to the Philippines and Guam,
where the respective charges were
previously 75c and 60c for each
half ounce.

The 25c rate at least halves the
cost of sending an air mail letter to
any country where air mail service
operates in the following areas:
Africa, the Middle East, Asia, and
the Orient, and the Pacific area in-
cluding Australia and New Zealand.

It should be emphasized that the
new air mail rates will not affect
the "Canada Air Letter" a form
which combines envelope and paper,
and is now used for correspondence
by air between Empire countries.
The "Canada Air Letter" rate will
remain at 10c to the United Kingdom,
Northern Ireland, and Eire, and 15c
to those countries beyond Britain to
which service is given. The rate for
"Canada Air Letters" addressed to
members of the Armed Forces, re-
gardless of destination, is 10c each.

To reap full advantage of the
savings in air mail, co-operation is
essential in making sure that let-
ters are kept well within the quarter
ounce weight limit, otherwise items
will have to be rated at double the
deficiency. The advantage, therefore,
of using air mail stationery for cor-
respondence is apparent. Under the
quarter ounce weight unit a letter
may be mailed consisting of two
sheets of light-weight paper, written
on both sides, and enclosed in a light-
weight envelope. As a special facility
a mailer who is unable to obtain
light-weight stationery necessary to
keep the weight within a quarter
ounce, may use a "Canada Air Let-
ter" form. Such a form, however,
must be correctly prepaid at the air
mail rate to the country of destina-
tion, if such country is not already
within the scope of the Canada Air
Letter form service.

EXPLORERS NOTES

(too late last week)
The Explorers held their regular
meeting on Friday night. They open-
ed the meeting by singing a hymn,
then Dash said a prayer. Naomi read
the minutes of the last meeting
followed by the roll call and a chap-
ter of the Bible read by Shirley.
Bonnie was selected to write for the
paper and she also took up the col-
lection. We decided to take baskets
to the hospital and sing carols on
Christmas Eve. We said our prayers
and played some games before we
closed the meeting with the Mizpah
Benediction.

FARMING NOTES

By Prov. Dept. of Agriculture

SELECTING TURKEY**BREEDING STOCK**

Proper selection of turkey breeding stock of desirable market type will have a big influence upon the final grade received for next season's turkey crop. Long legged, long necked, wedge-shaped birds, which are prominent on the fore part of the keel bone, will produce the same type of offspring, says R. M. Blakely, Dominion Experimental Station, Swift Current, Sask.

Ideal breeding stock are plump bodied birds with long smooth keels well rounded with fleshing throughout their entire length. Selection for this class of bird should commence as they approach maturity. Only in this way can those with early maturing qualities be marked. Final selection should be made before any birds are marketed, so that the very best birds in the flock can be kept for breeders. In addition to early maturity the birds selected should show balanced carriage, indicated by fullness of breast, medium length of leg and neck and block outline. These qualities can be noted only while the birds are walking about the pen.

Final selection should include the handling of the birds. This is best done either by suspending them by the legs or laying them on a table with an attendant holding the bird by the legs. Both hands should be used to determine length of keel and if the keel bone is reasonably parallel to the back. Width of back should be ample and should carry well back towards the tail. If the palm of the hand is passed downward from the upper breast there should be no prominence at the fore point of the keel bone. Thickness of breast fleshing should be noted. This should be a broad "U" shape carried well back towards the rear point of the keel. Extremely deep keeled birds should be avoided as they are generally "V"

breasted. Deformities such as knock knees, crooked legs and toes should be avoided.

Careful attention to the foregoing points in recent years has brought about much improvement in the market type of the turkey flock at the Experimental Station, Swift Current, Sask.

COMMON COLDS IN POULTRY

The disposal of immature poultry stock and old birds before the fall, reduces overcrowding and cost of feeding. Such birds are unprofitable during the winter when market eggs are the first consideration, says E. Van Nieu, Dominion Experimental Station, Scott, Sask.

At least four square feet of floor space per bird during the winter, with plenty of ventilation, helps to prevent the appearance of the common colds in poultry, with complications which often follow. Excessive dust in the house aggravates slight colds as they appear.

The first symptom of a cold is usually a collection of dust around the nostrils, due to the moist condition or slight discharge. As the cold becomes more serious there is a dullness, loss of appetite, sneezing, shaking of the head and rattling in the throat.

The removal of the cause, due to unsanitary conditions, exposure or lack of ventilation, is often all that is necessary, if done when first symptoms appear. A few grains of potassium permanganate in the drinking water helps to prevent the spread of colds, but if only a few birds are affected, it may be best to remove them from the flock until they have recovered. Should most of the flock be affected, a half pound of spearmint per hundred birds given in a moist mash in troughs is helpful. When serious colds develop and the eyes become swollen, breathing difficult and noisy, treatment may not be worth much as birds so affected often become carriers of the infection after apparently recovering. Such birds, while still in reasonable condition, may better be killed for market.

If the birds are particularly valuable for breeding, and it is desired to treat them individually, a drop of fresh, ten per cent solution of argyrol may be placed in the eyes and nostrils. Iodine or creolin should not be used.

Colds in poultry, like many other diseases, are much easier prevented than cured, hence the importance of keeping the preventative measures in mind and particularly when the birds are brought into winter quarters.

WAGE AGREEMENT BRINGS COAL BOOST PRICE FOR WESTERN PRAIRIES

Following approval by the National War Labour Board of the new wage agreement between the United Mine Workers of America, District 18, (Western Canada) and mine operators, the Wartime Prices and Trade Board has approved increases in the price of coal produced in Alberta and British Columbia mines.

The general average increase at the mine will be \$1.00 per ton except on Vancouver Island where it will be \$1.50 per ton. When applied to the various sizes of coal sold to the consumer these general increases will be as follows: Lump coal \$1.00 to \$1.40; Egg \$1.00 to \$1.50; Nut 50c to 80c; Stoker 60c to \$1.50. The increased cost to railways and industrial users of Western bituminous coal will amount to 85c per ton.

Board officials explained that when negotiations were commenced it was realized by all parties that because of the known financial position of the operators it would be necessary to compensate them for any increase in costs. Accordingly this increase is designed to cover the increases in cost arising out of the increased wage rates, the establishment of a welfare fund, a change in the holiday pay provisions and the reduction of the work week from 48 to 40 hours.

In establishing the new prices the Board has also taken into consideration certain higher prices paid for some period of time by the mine operators for materials used in coal production. These have in no case exceeded ten cents per ton.

WHEN RUN DOWN

From the Galt Reporter
About the best thing to take when run down is the number of the car that hit you.

World Of Wheat

THE QUALITY OF THE BARLEY CROP

"The Crop Testing Plan" has just compiled the returns from the analysis of the barley samples which were collected at country elevators this past year, and from farmers only who were trying definitely to produce malting barley. (Feed barleys were not included in the test). The returns show that 58% classified as "A" which means that the crops represented by these samples were pure enough to be used for seed, 19% classified as "B" which means they contained some admixtures, and 23% classified as "C" and "mixture of varieties" which means that they were quite bad and unsuitable for seed. These results, however, are an improvement over previous years. In 1945 35% were "mixtures" and in 1944 34% were "mixtures". The "A" classification in 1946 was higher than ever before.

We have just received a return from similar "Crop Testing Plan" work on barley done in England last year, which reveals that 30% of the crops tested there consisted of "mixtures". This indicates that while our malting barley in Canada is truer to variety than it is in England, yet there is still considerable room for improvement in Canada, hence for the use of better seed, preferably Registered or Certified.

ITEMS OF INTEREST IN**THE WORLD OF FOODSTUFFS**

France's requirements for the 1946-47 season are estimated at some 14,000,000 bushels of wheat or flour. Bulgaria's maize output is expected to be very small and will fall below domestic requirements. The U.S. Department of Agriculture purchased some 19,504,411 bushels of wheat from September 9th to October 13th, inclusive.

The revised official estimate of the French wheat crops now places production at 243,530,000 bushels, an increase of some 24 million bushels over previous figures. The Union of South Africa's wheat acreage is reported to be the largest on record. Turkey's wheat production for this year is reported to be the greatest on record.

BREAD PRICE TO STAY, DONALD GORDON SAYS

There is no immediate possibility of an increase in the price of bread to the consumer, Chairman Donald Gordon of the Wartime Prices and Trade Board told the press last week after a closed meeting with officials of the National Council of the Baking Industry, holding a two-day conference in Ottawa.

While the council made no formal request for an increase in bread prices, Mr. Gordon indicated the price line would be held indefinitely at its present level. This varies in different provinces, depending on the size of the loaf. In Ontario where a 24 ounce loaf is standard, the price is 10 cents.

He added that there also would be relaxation of wartime controls or price in products of bakery products as a result of his conference with the baking officials, which was in the nature of a general discussion on the problems of the industry.

Some men fear responsibility more than they fear hunger.

The thing that keeps us apart from others is wanting to be better than they are.

We Shall Remember Them

In our rejoicing at the Victory vouchsafed to us by the mercy of Almighty God, we remember with pride and with sorrow the gallant of our land, whose lives have been laid on the altar of freedom.

Their memory will live in our grateful hearts. Their name will be honoured in the glorious annals of free people everywhere.

With God's help, we shall raise to their memory a new and better world, worthy of their sacrifice.

NEWS & VIEWS OF TOWN AND DISTRICT

BORN—To Mr. and Mrs. J. Busby of Irma at the Wainwright municipal hospital on November 1st, a girl.

BORN—To Mr. and Mrs. L. Driver of Wainwright at the Wainwright municipal hospital on November 2nd, a boy.

BORN—To Mr. and Mrs. L. Trotter of Edgerton at the Wainwright municipal hospital on November 5th, a boy.

BORN—To Mr. and Mrs. E. W. Taylor of Edgerton at the Wainwright municipal hospital on November 5th, a girl.

BORN—To Mr. and Mrs. E. B. Nordstrom of Jasper on October 29th, a girl.

In conjunction with our editorial of this week, we would like to say that Mr. R. A. Snyder was the first paid subscriber of "The Star" and that he still has his receipt to prove it. The Star must be pretty good to supply a customer week in and week out with its product for over 38 years.

Mrs. A. E. Fraser stopped off to visit with Mrs. J. R. Robinson for a few days at the week-end en route from Winnipeg to Kamloops, B.C.

Mrs. Levi LaFrance and daughter Evelyn left last week to visit with her parents north of Edmonton for awhile.

Mrs. D. Dundas was a visitor for a few days last week at Chauvin.

Mr. N. Sanguin of Suffield is here visiting with his family in town.

Mr. and Mrs. J. MacDonald left for the west coast on Friday where Jimmy has been transferred from Halifax on naval duties. He has spent the past week visiting his parents in town while on furlough.

Mr. and Mrs. F. Fahner and Mr. and Mrs. Geo. Reynolds were among those who motored to Chauvin Sunday to attend the funeral of the late Mr. Ken Fahner.

Mr. and Mrs. Cliff Reynolds accompanied by Mr. Geo. Reynolds motored to Edmonton Tuesday on business.

Mrs. C. E. Wilson arrived on Monday from Edinburgh, Scotland. She was accompanied by her small daughter, Muriel M. Wilson, and her son Ian Coghill. Her husband S./Sgt. Clifford Wilson is still with the C.A.O. in England.

SCHOOL RECESSES

Need for strict observance of breaks in class routine in school is the subject of a pronouncement from the Department of National Health and Welfare, Ottawa. The health officers point out that recesses should be observed carefully. Class rooms should be given a chance to air, and both teacher and pupil given the benefit of a short spell of freedom from instruction and study.

IMPLEMENT COMPANY HOUSES NEW WORKERS IN MODEL VILLAGE

Brantford—The Massey-Harris Co. has housed 34 families and 91 single men in buildings that have become homes at the former No. 5 R.C.A.F. R.C.A.F. here and a village that will eventually have a population of more than 750 has been born. The company already has its own water system, electrical system, laundry, janitor service in its apart-ments, baseball diamonds, swimming pool, track, theatre, community centre. It will have within a short time a general store, ice hockey rink indoors, a roller rink, a big playground to supplement the playground it already has, a bakery, a refrigeration plant, a modern, grade school and its own government, elected by ballot.

An extraordinary undertaking in-
volving thousands of dollars. It is
proof of how far the agricultural im-
plement industry will go to provide
Canadian farmers with the imple-
ments they need, residents of the
"village" said. It is the answer of the
Massey-Harris Company, officials
said, to the challenge to find homes
for the workers it needed.

There is no other post-war village
like it anywhere in Canada where
private enterprise has done all the
work.

"We needed homes. They needed
skilled workers. They were willing to
go a long way for us. We appreciate
it," the villagers have said.

The housing dilemma is a thing of
the past for them.

The former service flying school,
where hundreds of pilots were turned
out to help beat the Nazis and the
Japs, including the only R.C.A.F.
pilot to get the Victoria Cross, is
located a few miles west of this city
on No. 53 highway.

"It's all!" "Ten-shun!" that rolled
over the grounds when the sergeant
was in full cry has given place to the
soprano "May-ree!" "Jhon-see!" of
the housewife after her young.

The housewife says of the finest, safest,
moved playground kids ever had.

Carpenter's hammers are beating
the time marching feet used to beat.
Rapid growth of the village is no
accident. A year before the war ended
the company saw the possibilities in
the camp for relief from the hous-
ing shortage this city faced.

Negotiations began. Almost a year
after the war ended final arrange-
ments were made with the govern-
ment to lease 30 buildings for a
three-year period with an option to
extend the period to five years.

As soon as it had the paper work
done the company started remodel-
ing. Four weeks later the first "set-
tlers" arrived. They're still there, Mr.
and Mrs. Thomas G. Phillips. He is a
production man at the plant. The
plumbers had scarcely moved out
before he moved in with his wife and
two children.

"This three-roomed apartment, we
love it," he said. "When we got it it
was a godsend. It still is and a home
besides."

The air school covers 580 acres
formerly owned by a young man who
turned it over to the R.C.A.F., enlist-
ed, got his training on the station
and later was killed flying over
Germany.

The station had ready-made con-
veniences, hot-and-cold running wa-
ter, steam heat, sewage disposal, gar-
bage incinerator. The buildings the
company took over were three, four
and five-roomed apartments now.

It took just three months to get
the 34 families and the 91 single men
in. Total population now is 201. The
company has a waiting list of 137
families. They will go in as each new
apartment is ready.

H. R. Ellis, general manager of the

company, said the monthly rent the
tenants pay includes solely the cost
of operation without profit. Mr. Ellis
is organizing the project.

With their rent the tenants get
free heat, electricity, a fine electric
range, the janitor service, the com-
munal laundry facilities and hot and
cold running water.

The single men's building, two
storeys, will accommodate 100 men
free heat, electricity, a fine electric
range, the janitor service, the com-
munal laundry facilities and hot and
cold running water.

The skating rink will go into the
drill hall, which will accommodate
three regulation-size hockey rinks
and three or four occupants with
cupboard space, centralized wash-
rooms and shower baths.

The skating rink will go into the
drill hall, which will accommodate
three regulation-size hockey rinks
and three or four occupants with
cupboard space, centralized wash-
rooms and shower baths.

The former officers' mess is now
an attractive lounge, free to all the
"villagers". There is a snack bar.
The theatre is being renovated. Once
a week, at least, 1000 villagers and
guests will see a movie, with feature,
shorts and cartoons. Amateur thea-
tricals are being organized. Badminton
and basketball are on the pro-
gram. A nine-hole golf course is
planned. Also under consideration is
a park with lawns, flower gardens,
shrubs and trees, rustic benches and
tables.

When the general store opens with-
in a short time, with departments
for drugs, hardware, groceries, meats
and dry goods, housewives will do
all their shopping in the village. The
former airman's mess will become a
cafeteria.

At present the children of school
age attend school in a converted
Air Force building a few minutes
walk distant. This arrangement will
continue until their own school opens.

Elections for a self-governing
body will not take place until the
village is fully populated. There will
be a new village council in Brant
County then.

A seven-man committee composed
of company employees carries on the
administration now and takes care
of all public utilities.

Two British war brides are with
their husbands there, Aubrey Care-
foot is head of the largest family.
The Carefoots have six children.
Their apartment has five rooms, liv-
ing room, kitchen, three-piece bath
and three bedrooms. The family came
from Thornbury last May. Mrs. Care-
foot is a former Brantford girl.

Villagers point with pride to the
cleanliness of their quarters, their
village street, their artesian well
water and the convenient bus ser-
vice to Brantford.

The water is pumped from the
artesian well and stored in a 1,000,000
gallon underground tank and an

85,000 auxiliary tank. Poles and
fire protection are provided.

An armed guard is on the village
gate. He is Tom Money, recently re-
tired after 46 years with the Massey
Harris Company. Mr. Money's last
position with the company was with
the security guard staff. He is now
custodian of the property of War
Assets Corporation still on the sta-
tion.

Scientifically we have progressed
far enough to split the atom. Now we
must progress spiritually far enough
to handle it.

THE WAINWRIGHT BRANCH CANADIAN LEGION
ANNOUNCE

Poppy Day, Sat., November 9th
Remembrance Day, Mon., Nov. 11

All service and ex-service personnel are cordially in-
vited to join in the parade to the Memorial Clock Tower
at 11:00 hours where wreaths will be laid and homage
paid to the fallen of two great wars. Followed by service
at the theatre. Parade will fall in at 10:50 hours at the
Legion Hall and it is requested that medals and decora-
tions will be worn.

A banquet will be held in the Separate School Aud-
itorium at 13:00 hours for which tickets are on sale, and
it will be appreciated if those who intend to be present
will purchase their tickets early so that some idea may be
formed of the number to be catered to.

A dance will be held in the Separate School Auditor-
ium at night particulars of which are separately advertis-
ed.
